PURE FIJI

## Veikidavaki - Welcome

Welcome to the Pure Fiji experience. Our products environment, a bounty of fresh and natural ingredients, and traditions that have been in place for centuries - all utilised in a healthy way of living that comes so integrated in the culture, it's as unconscious as breathing.

We would feel it impossible to maintain the enthusiasm we have for our product range, were we not convinced and assured that our product was of good quality... but more than that - something special.

A unique product, bringing a timeless secret of well being and health to our customers.

The wonderful Island culture in Fiji not only encourages bodily health, but a great sense of community and group spirit. The team of people that support our production process, and the communities that provide us with raw materials are a major part of our operation.

We involve as many communities as possible in the production of our items, and without this network of human interaction, we would be unable to survive and grow.

Our passion for the product has led to new and exciting opportunities for all the people involved in the process. As a consequence of this passion and team effort - our product now reaches across the globe as an ambassador for the beauty of our Island home and culture.

Pearls of wisdom and hearts of truth - Daisy's covetable Good Karma collection allows you to combine your hopes and dreams with the beauty of precious jewellery.

Wear alone or multi-layer the meanings to help you define your life's path. Our symbols of luck have been carefully selected from a multitude of cultural and symbolic beliefs to wear as an expression of hope.

# GOOD KARMA

DOUBLE HEART

A full heart has room for more. An empty heart has room for nothing. May the double heart show you that life is best lived surrounded by love.

DOVE

Do I say things with a fickle tongue, or with meaning from my heart? May the dove remind you of inner peace.

BUDDHA

A time to be still is often a time for reflection. May the Buddha remind you to focus on the present. The future will be as it should be.

FLEUR-DE-LIS

To put others first is the sign of true inner harmony. May the fleur-de-lis remind you to give the gift of happiness.

PEACE SIGN

If I stand alone with clenched fists I am unable to shake the hands of others. May the peace sign remind you that we all belong to each other.

OPEN HEART

Hope is the light that guides the way when all around seems dark. May the open heart remind you to save space within yourself for hope.

WISHBONE

In a world without wishes, how can we dream? May the wishbone ensure that you never give up on your dreams.

HAND OF FATIMA

I keep my eyes ahead of me, but learn from looking back at my past. May the hand of Fatima protect you from bad energy and past mistakes.

FOUR LEAF CLOVER

If a man who cannot count finds a four leaf clover, is he still lucky? The best luck of all is the luck you make for yourself.

HALF MOON

My body strives for balance in a world that is thrown into chaos. May the half moon create a veil of calm over your life.

HEART

My body once yearned for what I did not need. Now my heart is fixed on all that I have. May this heart remind you of the purity for which you strive.

BUTTERFLY

My body is in the present, but my mind wanders the future. May the butterfly remind you to take each day as it comes.

ELEPHANT

I look at the moments from my past, and realise they make me what I am today. May the elephant show you that precious moments should always be remembered.

FEATHER

I am free, I am calm and I speak with a gentle tone. May the feather encourage you to free your mind from the chaos of life.

LOTUS

A person striving for constant perfection is often lacking true beauty. May the lotus remind you that true beauty comes from within.

STAR

I keep my thoughts pointed towards the sky, for looking down only causes a step backwards. May the star help you to reach the goals you truly strive for.

OM

There is only one true goal - to live your life free from greed and desire. May the Om remind you that happiness is the measure of true wealth.

EVIL EYE

Sometimes the wrong path is taken, but it takes a strong person to learn from previous mistakes. May the evil eye guard you from cynical influences.

HORSESHOE

If I do not protect all that I find sacred, then I have nothing to treasure. May the horseshoe remind you to keep close all that you hold dear.

PEARL

A tainted outer shell can hide the fairest of hearts. May the pearl steer you away from negative judgement.

## Your Image, Your Brand, Your Dream

Private label is growing in popularity and becoming more of mainstream than the trend. Private label reflects more about who you are than anything else you might carry. Because of this the thought and care that goes into the development process is paramount. At Ready Care we combine what we have learned during our 25 years in business, and work closely with our customers to ensure that your dream comes alive in a thoughtful, creative, well planned manner.

### What are the advantages of Private Label?

- With private branding, you create your own unique image, which begets a marketing identity and promotes stronger customer recognition and loyalty.
- Private labeling gives you more control over pricing, marketing, sales and distribution.
- Private label allows you to create the styles that your customers come to you for. A TRUE reflection of you, your location, demographic and trends.
- Your products are available only from you!
- Private labels make it harder for competitors to match and price check similar products.

## Your Image, Your Brand, Your Dream

We are with you every step of the way during the process of creating your own brand.

### Step One: Choose your offering.

Shampoo, Conditioner, Body Wash, Lotion, Exfoliating Bath Gel, Creamy Body Scrub, Gelled Sugar Scrub, Gelled Salt Scrub, Bath Salts, Body Spray, Body Cream, Body Butter, Lip balm and Candles. We have a large assortment of possibilities to create your line.

1. **Body Eclipse:** Our Body Eclipse® liquids are made with minerals and vitamins that cleanse, exfoliate and hydrate skin. We offer a variety of products to create a distinguishing program that properly mirrors the level of service intended for your clients.
2. **Body Eclipse Natural:** Our Natural Line is free of Laurel and Laureth Sulfates, alcohol, DEA, Parabens, TEA, Dyes and Synthetic Fragrances. This healthy beautiful line offers Pure Botanical Extracts and Aromatherapy Essential Oils which bring your Hotel, Spa, Health Club or Country Club into compliance with green standards, while caring for your clients' skin.

**Step Two: Choose your Fragrance** - By providing a variety of fragrances; we invite your creative mind to wander. For instance, we call a product “citrus”; you might call it invigorating. We have a Green Tea Lemongrass aroma and one of our clients from the south calls it the “sweet tea collection.” These aromas are another way to make a product your own. You can choose an aroma that suits you, and we can help define it. Our aromas address all terrains, concepts and themes. Have fun with this, for that is our intention.

**Step Three: Choose your bottle** - Each style of bottle has its gifts. Some are available in multiple sizes, allowing you to create a complete product offering.

**Step Four: Send your artwork** - It may be as simple as putting your logo on the bottle to properly represent your company. We are here to guide you on the steps to creating artwork that represents you, your message and your offering.
