

Eliminate 4 to 6% of Waste Per Gallon with the **flip-it!** Bottle Cap

How it works

Step 1 - Remove the cap or pump from your gallon bottle and discard as you won't need them again

Step 2 - Screw on a Flip-It bottle cap, rotate gallon upside down and wait 10 minutes before dispensing

Step 3 - When the bottle is empty, remove Flip-It, disassemble for cleaning, dry thoroughly and use on your next bottle

Push/pull valve

Product features

- Sturdy cap effectively supports gallon bottles
- Easy to operate valve conveniently controls liquid flow
- Imbalance feature alerts you when valve is left open
- Easy to clean so cap can be used on your next bottle
